

Convenient Deposits.

Zero Trips to the Bank.

Here at CTCB, we know life can get busy. Since banking is a necessary part of life but not always a productive use of your day, we are pleased to offer Mobile Deposit to make depositing checks faster and easier.

Using an approved mobile device with internet access, Mobile Deposit allows you to snap a picture of the front and back of your check and then to submit the check securely to your account, giving you more time to spend on the things that matter most.

Approved devices: iPhone, iPad, and Android devices, each equipped with a digital camera and internet access, are approved to deploy Mobile Deposit.

"Now my bank is open around the clock and I make deposits on my schedule. Talk about convenience and service!"

The Facts About Mobile Deposit

> Convenient, No-Hassle Banking

No more daily trips to the bank. Deposit checks right from your approved mobile device.

> Save Time

No more struggling to find time to run to the bank. Make deposits 24/7 anytime it's convenient for you.

> Improve Cash Flow

No more checks piling up. Get them to the bank and turned in to cash as soon as possible.

> Peace of Mind

More time, more productivity, better cash flow. With Mobile Deposit, banking is just one less thing to worry about.

> Security

Mobile Deposit utilizes state-of-the-art SSL and 256-bit encryption technology to ensure your deposits transmitted safely and securely.

> Easy Record-Keeping

Statements are available online and your deposits are recorded within one banking day.

> Easy Installation and Use

We'll provide you directions to download our Mobile Deposit app and register your device. From there it's just a matter of selecting an account, entering the amount of the check, taking a picture of the front and back of the check, and pressing "deposit". It's that fast and easy!
